### **DETAILED ACTION**

The text of those sections of Title 35 U.S. Code not included in this action can be found in a prior Office action.

#### ***Claim Rejections - 35 USC § 112***

1. Claim 1 remains rejected under 35 U.S.C. 112, first and second paragraphs, for the reasons stated below.

Applicant's amendment dated 06/21/05 failed to set forth at least the following:

A. If the flower is not self-cleaning, a description of the fruit and seeds should be set forth to provide as complete a description as is reasonably possible.

#### ***Claim Rejections - 35 USC § 103***

2. The rejection of claim 1 under 35 U.S.C. 103 has been withdrawn for the reasons stated below.
3. A search of the art of verbena irradiation has not revealed that self-sterility is a common occurrence with irradiated verbena. The plant can be distinguished from its parent by the fact that it is self-sterile. If it were documented in the literature that irradiated verbena was known to cause self-sterility then the invention would have been obvious. Since a search of the prior art has not revealed this, the examiner deems that the plant is free of the prior art.
